TOUR & TRAVEL

A Full Service Tour & Travel Agency

March 25, 2020

To all our valued customers,

We are all living in unprecedented times and hope all of you are healthy and taking appropriate precautions to guard against not only the virus but the fear associated with it. **We heartily thank you for your business this past season!**

We want you to know we are going on furlough beginning March 27. We will have limited access to email and phone messages but will work to return your correspondences as quickly as possible.

We hope to get rates for next season in the coming weeks and will reach out once booking season starts.
