Surprises!!

This is a Self-Drive trip

Rediscover Whiteface!

Whiteface Ski Resort has the greatest vertical of any lift-served mountain in the Northeast, with mile after mile of impeccably groomed cruising trails and 98% snowmaking coverage,

Whiteface offers more inspiring expert terrain, more long, rolling groomers, including the 2.1-mile long Wilmington Trail; more learning, more adventure, more fun, more off-mountain attractions you can't find anywhere else, such as bobsledding down an Olympic track, ice skating on the Olympic Oval, or watching the Olympians practice at the High Jump!
